

The Coppertop Pub— Where everyone knows your name!

The Coppertop Pub at The Coles House is one of the true pubs on the North Shore of Long Island. An Early American nook, with its brick and beam walls, flickering fireplace, candles, glistening coppertop bar, lace curtains, and broad-board hard pine floors. It is a self-contained restaurant with its own menu and entrance.

Greeted with a smile from an incredibly friendly staff, you will soon be transported back to a time when the local pub was your home away from home. “We want to know every customer by name, and we want them to feel as if they are eating in their own dining room, without the dirty dishes.”

You can belly up the long bar or fill the warm, convivial room's booths or tables in the adjoining dining room next door.

The menu is casual yet sumptuous with great starters, like buffalo wings, pots of little neck clams, roasted corn chowder, and a magnificent crock of French onion soup. Pub entrees can range from the simple Cobb Salad, to a

Pan Seared French Breast of Chicken with honey whipped sweet potatoes, sautéed spinach and a mushroom essence.

The culinary centerpiece of the pub menu is the award-winning “Coles House Burger”—a thick, juicy creation served with lettuce, tomato, slice of red onion, homemade pickle and a heap of shoestring fries. Don't forget to finish your meal with a homemade dessert or specialty coffee.

The Coppertop Pub serves lunch Tuesday–Saturday from 12–3, and dinner Tuesday–Saturday from 5–10; Sunday from 4–9pm. Every Friday and Saturday night there is acoustic music and vocals for your enjoyment with a special performance on the last Saturday of every month by proprietor, Linda Cirigliano and guitarist Christopher Weiser.

The seasonal garden patio with rich landscaping offers a haven for outdoor diners, without the noise of traffic congestion. A great place to come with family or friends, The Coppertop Pub is a place you will soon call home. See you there!
